ABOUT US

Founder Karen Blevins was born and raised in Lancaster County, PA. She is a Certified Nurse Assistant (CNA) as well as a Certified Hospice and Palliative Nurse Assistant (CHPNA). Karen is also a professional massage therapist.

For more than 17 years, she has cared for clients with a variety of conditions, such as Alzheimer's, Parkinson's, dementia, heart disease, and cancer.

As a long-time caregiver, Karen started A Gift of Time because she witnessed firsthand the struggle of adult children caught between caring for their own kids and their parents. She also recognized that non-medical assistance had the potential to help loved ones stay at home—and out of a nursing facility—longer.

How did A Gift of Time get its name? Any family challenged by caring for a loved one knows that having reliable, compassionate help can be just that—a gift of time.
